Supporting Commentary

Colin joined Wanda in 1988 and since then has truly left his mark on Wanda.

In competition Colin was competitive for many years. His primary focus was always team events. A real team man, the supreme Wanda accolade.

Colin was a great clubman whilst competing, but his enthusiasm was most prominent in his numerous administration roles. He always encouraged other members to have greater involvement within the club.

His dedication and belief on making Wanda a great club again saw him take on the position of Club Captain in 1993. The club had gone through some tough years so Colin and others put together a committee with many new and younger faces which in the secretary's words at the time "brought *new ideas and approaches. Some worked and some did not but all above acceptance of old practices was not just accepted but Challenged"*

Colin worked hard to involve everyone rather than discard those with different ideas. His attitude was to create an environment where people wanted to be a part of the club.

This saw the social scene at the club grow with an Annual ball, Grand final day, Golf Day, Fashion parades and so on, all well attended, with all the younger members getting involved.

Colin with the help of Pat McDonald created Wanda's first real Gym which brought in members and provided a great facility for competitors to utilise. Notably the Gym was built and run at no cost to the club in its initial years.

Colin while undertaking his committee positions was tireless in his background works assisting other members, training, towing trailers, putting up tents, working behind the bar. Bringing back the Wanda Chatter and centrefolds Mick Brannock and Ron Smith to name a few.

Colin brought on young members such as Sean McKirdy and the Youngest Committee member in Brock Douglas as Vice-Captain to the committee. Both members spoke highly of Colin's support, commitment and guidance with their initial years on the committee in their respective annual reports.

I recall a discussion with Brock when he took on the position about how this role will teach him a lot of skills in managing people which gave him great experience for his career.

Some of the new ideas were to train all nippers coming through for their awards in one group. This saw Colin along with Karin and Sean and others train up to 30 members for their awards at one time. This approach was also taken on for Bronze medallions.

Club Secretary in season 1995-96, the clubs 50th year, Colin was heavily involved in the clubs celebrations, especially the Golden Jubilee Luncheon which was well attended by Wanda Club members as well as many well know legends form the Bate Bay Surf Clubs

During Colin's involvement in the Management and Sub-committees of the club, Colin always ensured success in competition was always matched by equal efforts in lifesaving and administration. This was his trademark for Wanda, ensuring ALL club members were involved in making Wanda a great family orientated club. There were a few notable club achievements during Colin's involvement with the Committee. Competitively, in the seasons 1995-1997, the club won the Branch combined point score in 1996 and then the interclub in 1997, after many years without success. Wanda also won the Branch Championships and most importantly was awarded the Inaugural Branch Champion Club in 1997. This continued with the Club being awarded twice in three years Branch Champion Club. The club was consistently in the top three at the State Championships, the top Ten at the Australian Championships. Administratively, new, younger members were encouraged to join the committee, bringing in new and innovative ways for surf life saving.

Colin's involvement with Wanda Surf Club continued well after he stepped down from the committee responsibilities, nurturing many up and coming swimmers and board paddlers as coach and mentor. To this day many of them are still heavily involved in the competition side of things as well as themselves becoming club mentors for the next generation, notably Tait Brannock, Luke Turner, Hayden Allum and Scotty Allen to name a few.

Colin's level of commitment and involvement to Wanda over 32 years is unrivalled by very few members. Not only one of the Clubs quiet achievers, but one of its best Captains. Colin's membership record is outstanding and a worthy Life Member of Wanda Surf Life Saving Club.
