COVID-19 Vaccinations

Members,

For those that missed the recent memo issued by SLSNSW regarding COVID vaccinations, the following is provided.

Please be advised that as a volunteer patrolling member of Surf Life Saving NSW, a gazetted NSW Emergency Service under the NSW State Emergency and Rescue Management Act 1989, the NSW Government has confirmed that all Surf Life Saving NSW volunteers are eligible to be vaccinated under vaccination round 1B as they are considered “high risk workers who are currently employed including defence, police, fire, emergency services and meat processing”.

Please download the letter and Eligibility Declaration Form from the SLSA Members Area as evidence of eligibility and authority to receive your vaccination, if you elect to be vaccinated. This decision of vaccination is one of a personal nature, and not a mandated Surf Life Saving NSW position.

The type of vaccine (AstraZeneca or Pfizer) will be a decision made by the individual relative to their age and vaccine availability. The Australian government has a very clear website that members can use to guide them.

I have attached the eligibility declaration form. Once filled out, use the following link to book your appointment.

<https://covid-vaccine.healthdirect.gov.au/eligibility>

Affiliated with Surf Life Saving Australia Limited – Sydney Branch Incorporated

Please seek advice from your GP if you have any questions. This memo does not in any way mean you have to get a COVID vaccine either. Please stay safe through this period.

Any questions, please let me know.

Kind regards,

Michael Bonnici

Club Captain
