

Subject: Proficiencies aka Skills Maintenance

Dear Wanda Members,

As the 2023/2024 season approaches, on top of the competition and patrolling commitments, SLSA has a requirement that all members who hold awards be proficient before December 31<sup>st</sup>.

At times this is referred to as Skills Maintenance.

In the past few years, there have been 2 components. Online via eLearning on your members portal and a practical component typically held on Saturday mornings as per the proficiency Calendar, which has been uploaded to the Wanda Website. This season will be no different however you will be using the members portal to complete a couple of extra steps.

It is important that you have access to your members portal, as this contains the pathway to complete your proficiencies this year. Access is easy enough. As seen below.

It is highly recommended that you complete the online component prior to completing a practical component.

## SLSA eLearning

If the below state/territory information is incorrect, please contact your [surf life saving club](#) before clicking the below login button to log into the eLearning system.

Our records show that you will be studying in state: **NSW**. If this is incorrect, please contact your organisation of membership.
