## **Final Carnival Circular**

### **1. INTRODUCTION**

Thank you for entering Wanda SLSC’s 10<sup>th</sup> Annual Tradies “One Club” Carnival.

This Circular details some important information. Please take a moment to familiarise you with the content.

Our Club is looking forward to hosting your club, competitors, officials, water safety, and spectators and hope that all have a most enjoyable day.

This year events will again be conducted in the U8 to O40 age categories plus adaptive competition.

In an exciting development, Wanda is including Surf Boats and March Past (in all divisions) in the suite of events being conducted this year, all on the same day. These additional events round out Wanda’s vision of its “One Club” carnival concept that encompasses all lifesaving sport discipline and participants aged from U8 to Masters.

In addition, for its 10<sup>th</sup> year, The Tradies Wanda One Surf Carnival will again be a 5000-point ‘World Ocean Series’ event that has attracted a number of elite age group and open Ironmen/women, and specialist competitors to our Carnival.

To best present the Carnival, conditions permitting, Wanda SLSC is planning a short “finals session” featuring eight great events commencing at 12 Noon. The Carnival should conclude at around 2:15pm.

Wanda SLSC was requested by SLSNSW to an early adopter and to utilise the new “Live Heats” entry system for its 10<sup>th</sup> Annual Tradies One Club Carnival. This has been a learning experience for all involved and appreciation is extended to all clubs for their cooperation. Appreciation is extended to all clubs for their cooperation in implementing Surf Life Saving’s new carnival entry system.

**In this regard please ensure that all entries are complete via the [Live Heats Wanda entry link](#) by 12:01am on Monday, 20 October 2025 in order to avoid any late entry fees – refer Section 4.**

**And, if not already undertaken please also complete the following “Must Do” registrations ASAP prior to the Carnival:**

- **Register JAG Water Safety Personnel** for Clubs with the ratio of 1 water safety person per 7 U8 -U13 aged competitors: [Water Safety Registration Jot Form](#). Please also refer to Section 9 of this Circular.
- **Register IRB Driver/Crew Personnel** for Clubs with more than 50 competitors: [IRB Driver and Crew Registration Jot Form](#).  
**Note:** Wanda SLSC will provide the IRBs – we just need drivers and crew. Please also refer to Section 10 of this Circular.
- **Nominate Carnival Officials** with the ratio of 1 Official per 15 competitors from each club: [Officials Nomination Form](#). Please also refer to Section 11 of this Circular.

**Note:** To ensure that the Wanda One Club Carnival can be conducted safely and efficiently, and all have a great experience, Wanda will insist on clubs fulfilling these commitments as part of their participation in the Carnival.

And finally, competition shall be conducted as per the current edition SLSA Surf Sports Manual except where detailed in the Wanda One Entry Circular and other relevant SLS Circulars.

## **2. CARNIVAL PRECINCT AND PARKING**

There is no council paid parking at Wanda Beach and parking right at the beach front can become limited at busy times.

Three hour parking is available along sections of the seaward side of Mitchell Road between Wanda and Elouera SLSCs and all day parking is available on the western side of the road and on other streets within comfortable walking distance from the Wanda SLSC Clubhouse.

Access to the car park directly behind Wanda SLSC clubhouse with cars and trailers will not be possible as it is the main access hub for event organisation and for emergency services. In addition, this car park will be strictly reserved for invited guests, store holders, for mobility parking permit holders (if there are sufficient spaces), and for emergency and service access only.

A Board and ski craft drop off zone will be established to the north of Sutherland Shire Council Lifeguard Centre adjacent to the Wanda Clubhouse.

Boat Trailers may be unloaded on the driveway at Elouera SLSC and carried on to the beach. Boats may also be carried down the beach access tracks 16 and 17 from Mitchell Road to the beach.

Notwithstanding restricted parking, trailers should not be parked on the seaward side of Mitchell road between Wanda and Elouera as they can be a hazard for pedestrian traffic.
